Telemedicine Applications 2023

Outcome Objectives

- Utilize telemedicine applications to provide healthcare services to remote patients.
- Create work plans for patients that will provide them the best and least expensive access to healthcare at a distance.
- Partner with telephysicians to create interdisciplinary teams.
- Determine clinical settings in which telehealth practice is applicable.
- Differentiate strengths and limitations to applying telemedicine in various clinical scenarios.
- Implement telehealth training for support staff, including nurses and PAs.

Accreditation / Credit Designation Statement

The University of Arizona College of Medicine – Tucson is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

The University of Arizona College of Medicine – Tucson designates this live activity for a maximum of 4.5 *AMA PRA Category 1 Credit(s)*[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.
