

Improving Access to Quality Medical Care

The practice and delivery of healthcare is changing with an emphasis on improving quality, safety, efficiency, & access to care. Telemedicine can help you achieve these goals! The Arizona Telemedicine Program, Southwest Telehealth Resource Center, and Arizona Poison and Drug Information Center invite you to a **free one-hour** webinar on the implementation and practice of telemedicine.

Arizona Poison & Drug Information Center Stepped up during COVID for Arizonans

Wednesday, February 16, 2022 ~ 12:00 pm MST/2:00 pm EST

A significant challenge of the COVID-19 epidemic was the dissemination of accurate and timely information to the public, health care providers, and first responders. The Arizona Poison and Drug Information Center (APDIC), housed in the UArizona College of Pharmacy, took on this challenge and expanded significantly to fill this need. Learn from these UArizona experts how they stepped up to respond to the public health need!

The topics for this webinar are:

1. How Center transforms itself to become informational source on COVID-19 for state of Arizona
2. COVID-19 issues that were addressed and tracked
3. Results and lessons learned
