

PREPARING FOR YOUR STATE'S RURAL HEALTH TRANSFORMATION

The Arizona Telemedicine Program and Southwest Telehealth Resource Center invites you to a free one-hour webinar focused on healthcare disciplines practicing in urban, rural, suburban, frontier and limited-access-to-care areas.

The \$50 billion Rural Health Transformation Program (RHTP) is the largest federal investment in rural healthcare infrastructure in decades—yet many organizations are waiting to act. This webinar breaks down what RHTP implementation means across Arizona, Colorado, Nevada, and New Mexico, with a focus on telehealth opportunities and timelines. You'll learn practical steps your organization can take now to prepare, compete for funding, and avoid costly CMS clawbacks. Whether your state is moving quickly or still awaiting approvals, you'll leave with clear insights and actionable next steps to position your program for success from day one.

PRESENTER

Christian Milaster, MS

Founder & CEO

Ingenium Digital Health Advisors

LEARNING OBJECTIVES

- Identify RHTP opportunities relevant to your organization
- Execute a pre-launch action plan before RFAs are released
- Design programs that minimize the risk of CMS clawbacks

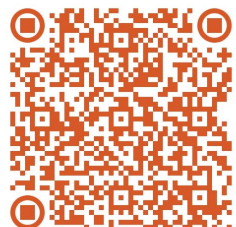

TUESDAY, APRIL 14, 2026

12:00 – 1:00 PM Arizona
