

2023 Arizona Center for Rural Health Spring Webinar Series

A webinar series focused on providing technical assistance to rural stakeholders to disseminate research findings, policy updates, best-practices and other rural *health issues to statewide rural partners and stakeholders throughout the state.*

July 20, 2023

12:00 - 1:00 pm

Adrienne Madhavpeddi Project ECHO: Improving Health in Arizona, Fast.

- ▶ Define and understand the Project ECHO model
- ▶ Analyze how existing ECHO opportunities can be leveraged to increase patient access to services
- ▶ Examine new opportunities for leveraging the ECHO model to address needs throughout your local community.

ADRIENNE MADHAVPEDDI, MS is the Director of ASU's Project ECHO programs, a Continuing Medical Education platform designed to increase the capacity of local providers and improve access to care for those living in rural and underserved areas. Adrienne has served in this role since she spearheaded the effort to establish ASU as an official Project ECHO replicating partner in 2019. Since then, she has led the development and launch of 21 ECHO programs in Arizona. Adrienne is also a Project Manager Senior with ASU's Center for Healthcare Delivery and Policy. She is also faculty within NAU's Doctorate of Medical Science program, housed within the Physician Assistant Studies program. Lastly, Adrienne is currently pursuing a PhD in nGlobal Health with a particular focus on workforce development and program evaluation.
