

Improving Access to Quality Medical Care

The practice and delivery of healthcare is changing with an emphasis on improving quality, safety, efficiency, & access to care. Telemedicine can help you achieve these goals! The Arizona Telemedicine Program and Southwest Telehealth Resource Center invite you to a **free one-hour** webinar on the implementation and practice of telemedicine.

Implementation of Pediatric Behavioral Health Services through Telemedicine: One Year Anniversary Lessons Learned

Tuesday, July 12, 2022 ~ 12:00 pm Arizona
12:00 pm PDT; 1:00pm MDT; 2:00pm CDT; 3:00pm EDT

PM Pediatric Care implemented behavioral health services for kids/teens/young adults one year ago and has since had 1000 visits. Learn from our successes and challenges how to effectively provide behavioral health services via telemedicine.

Learning objectives:

- Identify the advantages and disadvantages of using telemedicine for behavioral health.
- Learn strategies to manage behavioral health crisis through telemedicine.
- Identify methods to assess patient success and program success.

Presenters:

Kelly Cleary, MD, FAAP
Medical Director
Behavioral Health
PM Pediatric Care

Jennifer Weber, PsyD
Director of Behavioral Health
Teletherapy Program
PM Pediatric Care
