

Improving Access to Quality Medical Care

The practice and delivery of healthcare is changing with an emphasis on improving quality, safety, efficiency, & access to care. Telemedicine can help you achieve these goals! The Arizona Telemedicine Program and Southwest Telehealth Resource Center invite you to a **free one-hour** webinar on the implementation and practice of telemedicine.

Poisoning from Liquid Social Lubricants other than Ethanol

New Time!

**Wednesday, September 21, 2022 ~ 11:00 am Arizona
11:00 pm PDT; 12:00pm MDT; 1:00pm CDT; 2:00pm EDT**

Unfortunately, Arizonans kill themselves accidentally every year with these liquids thinking they are alcohol. Learn from the experts on understanding the pathophysiology and recognizing the signs of this dangerous combination. Information will be shared on the risks for harm and preventative steps healthcare professionals can take in caring for patients experiencing this type of poisoning.

The topics for this webinar are:

1. Learn how to recognize methanol and isopropyl alcohol poisoning, how and where they happen.
2. Learn the pathophysiology of these two poisons.
3. Learn about therapy of these poisonings.
4. Learn the risks for harm with these poisons and preventative steps that can be taken.

Presenters:

Farshad "Mazda" Shirazi, MS, MD, PhD, Associate Professor UArizona Medical Toxicology, Professor UArizona, Emergency Medicine, Pharmacology and Pharmacy Practice

Stephen Klotz, MD
Professor, UArizona, College of Medicine
Medical Director, Arizona Telemedicine Program
