

## Improving Access to Quality Medical Care

The practice and delivery of healthcare is changing with an emphasis on improving quality, safety, efficiency, & access to care. Telemedicine can help you achieve these goals! The Arizona Telemedicine Program, Southwest Telehealth Resource Center, and Comagine Health invite you to a **free** webinar on the implementation and practice of telemedicine.

# “Telehealth Essentials for FQHCs and RHCs”

Friday, February 19, 2021 ~ 12:00 pm MST/2:00 pm EST

**Session Description:** While telehealth has been around for decades, most FQHCs and RHCs are relatively new to the telehealth table thanks to changes resulting from the COVID-19 pandemic. Let’s do a pulse check on where we are with telehealth today, explore additional opportunities to super charge our remote service delivery, and take a peek in to the future of telehealth for FQHCs and RHCs.

### Learning Objectives

1. List three new ideas to leverage remote health care service delivery
2. Know the key changes that need to happen to ensure telehealth sustainability
3. Harvest what others are doing to hardwire telehealth

### Presenter:

**Trudy Bearden, PA-C, MPAS Senior Consultant Comagine Health.**

As an erstwhile clinical manager of a safety net clinic, clinician by training and champion of primary care, Trudy Bearden leverages those passions and expertise, reimagining health care at Comagine Health as a senior consultant, telehealth lead and state director.
