

## Improving Access to Quality Medical Care

The practice and delivery of healthcare is changing with an emphasis on improving quality, safety, efficiency, & access to care. Telemedicine can help you achieve these goals! The Arizona Telemedicine Program and the Southwest Telehealth Resource Center invite you to a **free** webinar on the implementation and practice of telemedicine.

**Thursday, May 2<sup>nd</sup> ~ 11:00am Arizona Time**

(11am PDT; 12pm MDT; 1pm CDT; 2pm EDT)

## “How to put the Tele into Telegenetics”

### Learning Objectives:

1. Describe and define telegenetics
2. Review the curriculum developed by the Western States Regional Genetics Network in partnership with the Southwest Telehealth Resource Center
3. The future of Telegenetics in terms of integrating the curriculum into current training programs for training certified genetic counselors as well as what other training opportunities and resources are available.

Janet Major, B.S.  
Associate Director  
for Education and  
Facilities

ARIZONA  
TELEMEDICINE  
PROGRAM

Janet Major is the Associate Director for Education and Facilities for the Arizona Telemedicine Program (ATP). She earned her B.S. Degree in Telecommunications from Northern Arizona University with her major emphasis in producing and directing. She has worked at the University of Arizona for 25 years and was initially the primary manager of videoconferencing services at the Arizona Health Sciences Center. She has been employed by ATP for over 20 years. As Associate Director of Facilities, her current responsibilities include the planning, development and installation of the teleconferencing and telemedicine peripheral equipment used in rural telemedicine sites. She also provides training to healthcare professionals in the effective use of teleconferencing for both clinical and educational applications.

Ms. Major also serves as Chair for the Technology Special Interest Group of the American Telemedicine Association as well as the board of USDLA; the United States Distance Learning Association, representing the telehealth constituency and is President-Elect. She also currently serves on the board of ATIC; the Arizona Telecommunications and Information Council.
