

COLLEGE OF MEDICINE TUCSON  
Pathology

## Improving Access to Quality Medical Care

The practice and delivery of healthcare is changing, with an emphasis on improving quality, safety, efficiency, & access to care. The [University of Arizona, Department of Pathology](#), the [Arizona Telemedicine Program](#) & the [Southwest Telehealth Resource Center](#) invite you to a **free** webinar on the implementation and practice of telemedicine.

## Webinar

Tuesday, May 15, 2018 ~ 12:00pm PDT

## “Basics of Forensic Pathology”

### Learning Objectives:

1. Understand the difference between a Coroner and Medical Examiner
2. Recognize some of the more common goals of the death investigator
3. Understand some basic principles of death certification

**Bruce Parks, MD**  
Assistant Professor,  
Department of Pathology

**Dr. Bruce Parks** received a Bachelor of Science degree in Chemical Engineering and an MD degree from the University of Arizona. He also completed residency training in Anatomic and Clinical Pathology and a fellowship in Forensic Pathology at the University of Arizona. He is Board Certified in Anatomic, Clinical, and Forensic Pathology. Dr. Parks worked for 25 years as a Forensic Pathologist at the Pima County Forensic Science Center (Office of the Medical Examiner) and was Chief Medical Examiner for 20 of those years. He has been an Assistant Professor of Pathology at the University of Arizona Department of Pathology for 30 years and currently supervises residents on the autopsy service. Dr. Parks is a member of the National Association of Medical Examiners and the American Academy of Forensic Sciences.
