# HISPANIC/LATINO COMMUNITIES AND THE COVID-19 VACCINE

Tuesday, March 30th 4-5:30 EDT, 3-4:30 CDT, 2-3:30 MDT, 1-2:30 PDT

The Hispanic/Latino Community has questions and concerns about the COVID-19 vaccine. Join us for a free webinar where community and public health experts will address COVID-19 vaccine questions and concerns of the Latino/Hispanic community. The webinar will be in a Town Hall style format to allow for the easy flow of questions/concerns and information about the COVID-19 vaccine. The Latino/Hispanic panelists will share strategies they are currently using to elicit concerns from their respective communities on the COVID-19 vaccine. They will provide responses that ensure individuals are equipped to make an informed decision about getting the vaccine.

This is the second in a series. We will have a final webinar with the American Indian & Alaskan Native communities and the COVID-19 vaccine in April.
