ARIZONA TELEMEDICINE PROGRAM WEBINAR SERIES- TELE-APPLICATIONS AND SERVICES

The practice and delivery of healthcare is changing with an emphasis on improving quality, safety, efficiency, & access to care. Telemedicine can help you achieve these goals! The Arizona Telemedicine Program and Southwest Telehealth Resource Center invite you to a free one-hour **CME** webinar on the implementation and practice of telemedicine. CME provided by The University of Arizona College of Medicine - Tucson

KEEPING CARE LOCAL VIA TELENEPHROLOGY

THURSDAY, DECEMBER 11, 2025

12:00 pm Arizona Time(MST)

11:00 AM PST ~ 12:00 PM MST ~ 1:00 PM CST ~ 2:00 PM EST

Rural hospitals often lack nephrology coverage or dialysis capabilities, forcing patients with end-stage renal disease and other kidney conditions to travel elsewhere for care. Telenephrology provides 24/7 access to nephrologists and supports local staff in delivering dialysis when needed. This session will review how such programs improve access to specialty care, maintain continuity for patients, and enhance outcomes in rural settings.

PRESENTER

Rhonda Mason, RN, MSN
*Chief Nursing Officer, Chief
Operating Officer

OUTCOME OBJECTIVES

- Understand impact of chronic kidney disease and end-stage renal disease on U.S. healthcare and on the state of Arizona.
- Describe why nephrology is an ideal fit for telemedicine and options for introducing a telenephrology program.
- Explain how telenephrology is helping rural hospitals stay vital and financially stable in their communities.
