

THE AZ CENTER FOR RURAL HEALTH WEBINAR SERIES

A webinar series focused on providing technical assistance to rural stakeholders to disseminate research findings, policy updates, best-practices and other rural health issues to statewide rural partners and stakeholders throughout the state.

Webinar:

Thursday, February 20, 2020

12:00 pm Arizona Time

Congratulations! You've met the 2020 EPCS Deadline – NOW, Understand the Regulations and Mandates!

Learning objectives:

1. Understand Arizona HB 2075 – What it amended, updated, removed and extended of SB 1001 - The 2019 Arizona Opioid Epidemic Act.
2. Understand EPCS regulations and mandates – Including the Controlled Substance Prescription Monitoring Program (CSPMP) mandate and access options.
3. Learn about Arizona vs. the National EPCS landscape – Where we are today and where we need to go in 2020.

Connie Ihde is the Director of Programs for Health Current, Arizona's Health Information Exchange (HIE). She leads the statewide Electronic Prescribing of Controlled Substances (EPCS) Click for Control Campaign, a shared commitment between Health Current, Arizona Health Care Cost Containment (AHCCCS), Arizona Department of Health Services (ADHS) and the Arizona Board of Pharmacy. In 2018, the EPCS Click for Control Campaign increased Arizona's national ranking from 22nd to 11th and raised the state's active EPCS prescriber count to 19% above the national rate.
